**THE RIGHT PEOPLE**

**THE RIGHT RESULTS**

**What we do**

City Legal Experts have been working with clients since 1995 to help ensure best practices and best results.

We fuse the creativity, knowledge, experience and information resources of the company to help clients solve challenges large and small, from navigating market entry and multijurisdictional regulation, to merger control and antitrust litigation.

Our lawyers know the law and operate across borders with confidence backed by a team of experienced researchers who have key information and data at their fingertips to help our clients go further.

**Going the extra mile**

It's our standard practice to go the extra mile for our clients. We go even further to help our clients succeed in the areas of banking and finance, capital markets, employment, dispute resolution, financial regulation, and competition and antitrust.
